General Call for Action by the State Board of Arbitration.

Its Members Are Scattered and Its Meeting Delayed Two Days.

desired by the leaders and regarded by them as of equal importance with any action that could have been taken by the Terre Haute conference. The indorsement of the Knights' action by the Supreme Council of the Federation makes necessity of an official inquiry more imperative than ever.

A DILATORY BOARD. There is heard a great deal of adverse criticism upon the apparently dilatory course of the members of the Board. Chairman Donovan, of the Commission, has been active in endeavor to bring about mediation, but wholly without

Commissioner Donovan is at his home in Brooklyn, Commissioner Purcell is attending to his business at Rochester, and Commissioner Robertson is recruiting his energies by a horseback tour of the Adirondacks, which he began last week Tuesday.

It is the general and firm belief among the officials that the strike ended with the decision of the Council, and the official announcement is male that the strike is something of the distant past.
